Benefits to all shareholders

The SPP and Bonus Issue of Options will deliver benefits to all shareholders beyond the opportunity for participants to purchase shares at a discount to the current market price, without paying brokerage fees. The primary purpose of the capital raising is to equitably and efficiently grow the Company's assets, increase its relevance in the market, improve the prospect of broker and research coverage, garner additional interest from financial planners and gain additional access to market opportunities. The increased size is also expected to reduce the fixed expense ratio of the Company to the benefit of all shareholders.

One-for-one Bonus Issue of Options

Shareholders who participate in the SPP will be entitled to the Bonus Option Issue on any new shares issued under the Offer, which continue to be held by the Shareholder at 7:00pm (Sydney time), Thursday, 25 March 2021, the record date for the Bonus Option Issue.

Each WAM Active Option provides holders with the opportunity, but not the requirement, to purchase one additional WAM Active share for \$1.10 per Option, without incurring any brokerage fees. The Options can be exercised at any time, up until they expire on Monday 31 October 2022. Shares issued on Options exercised on or before 13 May 2021 will also receive the fully franked interim dividend of 3.0 cents per share³, which represents an annualised fully franked dividend yield of 5.5% and a grossed-up dividend yield of 7.8%⁴ on the exercise price of \$1.10 per Option. The Options will trade on the ASX under the code WAAOA from 29 March 2021.

All investors who purchase WAM Active shares on the ASX up until 23 March 2021 will be entitled to receive the Bonus Options at no additional cost.
