NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2009

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Preparation

The half year financial statements are a general purpose financial statement prepared in accordance with the requirements of the *Corporations Act 2001*, Accounting Standard AASB 134: Interim Financial Reporting, Australian Accounting Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board.

The financial report was authorised for issue on 3rd February 2010 by the Board of Directors.

It is recommended that the half year financial report be read in conjunction with the Annual Financial Report for the year ended 30 June 2009 and any public announcements made by WAM Active Limited ("the Company") during the half year in accordance with continuous disclosure requirements arising under the *Corporations Act 2001*.

The accounting policies have been consistently applied by the Company and are consistent with those applied in the 30 June 2009 Annual Financial Report.

The financial statements have been prepared on an accruals basis and are based on historical costs with the exception of "held for trading" financial assets and certain other financial assets and liabilities which have been measured at fair value.

The half year report does not include full disclosures of the type normally included in an annual financial report.

Accounting Standards Not Previously Applied

The Company has adopted the following new and revised Australian Accounting Standard issued by the Australian Accounting and Standards Board which is mandatory to apply to the current interim period. Disclosures required by this Standard that are deemed material have been included in this financial report on the basis that they represent a significant change in information from that previously made available.

Presentation of Financial Statements

AASB 101 prescribes the contents and structure of the financial statements. Changes reflected in this financial report include:

- the replacement of income statement with statement of comprehensive income. Items of income and
 expense not recognised in profit or loss are now disclosed as components of 'other comprehensive
 income'. In this regard, such items are no longer reflected as equity movements in the statement of
 changes in equity;
- the adoption of the single statement approach to the presentation of the statement of comprehensive income;
- other financial statements are renamed in accordance with the Standard; and
- presentation of a third statement of financial position as at the beginning of a comparative financial year where relevant amounts have been affected by a retrospective change in accounting policy or material reclassification of items.

(b) Details of Reporting Period

The current reporting period is the half year ended 31 December 2009. For the Statement of Comprehensive Income, Statement of Changes in Equity and the Cash Flow Statement, the previous corresponding period is the half year ended 31 December 2008. For the Statement of Financial Position, the previous corresponding date is 30 June 2009.

(c) Segment Reporting

The half year financial report is for the individual entity WAM Active Limited. It is a publicly listed company limited by shares, incorporated and domiciled in Australia.

The Company is engaged in investment activities conducted in Australia and derives revenue and investment income from listed, unlisted securities and fixed interest securities.

Accordingly, we do not express an audit opinion.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

Our review did not involve an analysis of the prudence of business decisions made by directors or management.
