Directors' Report to shareholders for the half year ended 31 December 2018

The Directors present their report together with the financial report of WAM Leaders Limited for the half year ended 31 December 2018.

Directors

The following persons were Directors of the Company during the financial period and up to the date of this report:

Geoff Wilson AO (Chairman – Non-independent)

Lindsay Mann (Director – Independent)

Melinda Snowden (Director – Independent)

Kate Thorley (Director – Non-independent)

Principal activity

The principal activity of the Company is making investments in listed companies. The Company's investment objectives are to deliver a stream of fully franked dividends, to provide capital growth and to preserve capital. No change in this activity took place during the period or is likely in the future.

Operating and financial review

Investment operations during the half year resulted in an operating loss before tax of \$65,548,853 (2017: operating profit before tax of \$62,663,573) and an operating loss after tax of \$42,538,647 (2017: operating profit after tax of \$45,403,714). The loss for the period is reflective of the heightened volatility in the Australian equity market and the performance of the investment portfolio over the six months to 31 December 2018. The investment portfolio decreased 7.1% in the six months to December 2018, while the S&P/ASX 200 Accumulation Index fell by 6.8%.

The operating loss for the period includes unrealised gains or losses arising from changes in the market value of the investments held in the portfolio during the period. This movement in the market value of investments can add to or reduce the realised gains and losses on the investment portfolio and other revenue from operating activities (such as dividend and interest income) in each period. Because of this treatment under the Accounting Standards, this can cause large variations in reported operating profits between periods.

The operating profit or loss for each financial period is reflective of the underlying investment portfolio performance and is important to understand with context to the overall performance of equity markets in any given period. As a result, we believe the more appropriate measures of the financial results for the period are the investment portfolio performance, the change in net tangible assets (NTA) and fully franked dividends, together with total shareholder return.

WAM Leaders' before tax NTA decreased 8.5% for the six months to 31 December 2018, including the 2.5 cents per share fully franked dividend paid to shareholders during the period. This decrease is after corporate tax paid of 1.0 cent per share or 0.8% during the period. Corporate tax payments made throughout the period was the major item of difference between the investment portfolio decrease of 7.1% and the net tangible asset performance. The franking credits attached to corporate tax payments are available for distribution to shareholders through fully franked dividends. Other items contributing

to the change in value of the assets during the period were management fees of 0.5% and other company related expenses of 0.1%.

The NTA before tax as at 31 December 2018 amounted to \$1.09 per share (June 2018: \$1.22). The NTA after tax was \$1.10 per share (June 2018: \$1.19). These figures are after the 2.5 cents per share fully franked dividend paid to shareholders during the period.

The total shareholder return for the Company was reflective of the heightened volatility in the Australian equity market and the underlying performance of the investment portfolio, offset by the reduction in the share price discount to NTA during the period, decreasing 5.8% for the half year to 31 December 2018. This measure does not value the potential benefit of franking credits distributed to shareholders through fully franked dividends.

Capital Management

During the period, the Company announced that it had entered a Scheme Implementation Agreement to merge with Century Australia Investments Limited (Century Australia) (ASX: CYA). The Company will acquire 100% of Century Australia on a pre-tax NTA basis through a Scheme of Arrangement (Scheme). On 21 December 2018, Century Australia announced that the Federal Court of Australia approved the Scheme Booklet regarding the merger with WAM Leaders. The Century Australia shareholders voted in favour of the merger at the Scheme meeting on 12 February 2019 and the Federal Court of Australia approved the Scheme on 18 February 2019.

Century Australia shareholders on the share register at 7.00pm (Sydney time) on the Scheme record date (currently expected to be Tuesday, 26 February 2019), will be entitled to receive approximately 0.834 new WAM Leaders shares for every 1 Century Australia share held.

The Scheme will create a single listed investment company with a larger capital and shareholder base under the same Investment Manager. We look forward to finalising the integration of Century Australia and WAM Leaders.

Dividends paid or recommended

The Board is committed to paying fully franked dividends to shareholders, provided the Company has sufficient profit reserves and franking credits and it is within prudent business practices. A fully franked dividend of 2.5 cents per share was paid during the period and an interim dividend of 2.65 cents per share fully franked has been declared by the Board and will be paid on 26 April 2019.

Rounding of amounts to nearest dollar

In accordance with ASIC Corporations (rounding in Directors' Reports) Instrument 2016/191, the amounts in the Directors' Report have been rounded to the nearest dollar, unless otherwise indicated.

Auditor's independence declaration

A copy of the Auditors' Independence Declaration as required under Section 307C of the *Corporations Act 2001* in relation to the review for the half year is set out on page 7 of this Financial Report.

Signed in accordance with a resolution of the Board of Directors.

These condensed interim financial statements and notes for the half year represent those of WAM Leaders Limited.

The half year financial report was authorised for issue on 22 February 2019 by the Board of Directors.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410: "*Review of a Financial Report Performed by the Independent Auditor of the Entity*", in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporation Act 2001* including: giving a true and fair view of the company's financial position as at 31 December 2018 and its performance for the half year ended on that date; and complying with Accounting Standard AASB 134: "*Interim Financial Reporting*" and the *Corporations Regulations 2001*. As the auditor of WAM Leaders Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of the half year financial report consists of making enquiries, primarily of persons responsible for the financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
